

MIROWAX 735 (1012-001)

MIROWAX 735 is a non-silicone, instant repair, wax putty stick ideal for the repair of minor scratches and surface defects on timber furniture.

Product Advantages

- Quick & easy to use
- Can be recoated or polished immediately after use
- Indefinite shelf life

Typical Applications

Nail holes, minor blemishes, edge bruising and restoration work

Colours

Natural, Cedar, Jarrah, Mahogany, Maple, Oak, Pine, Teak, Walnut & White.

Maybe melted and blended to obtain a range of timber colours.

Application Methods:

Soften the wax stick slightly to make it pliable. Scrape a portion off with a spatula or knife and push the wax into the hole. Remove the excess. Use the reverse side of sandpaper and rub until smooth. Wipe with mineral turps and allow to dry. Overcoat with any Mirotone coating.

Shelf Life: Indefinite

Packaging: Pack of 5 sticks

Health & Safety

Before handling, refer to the Material Safety Data Sheet for health and safety information. Ensure that all personnel using this product have read and understood this data sheet and the associated MSDS and packaging label before using this product.
